

Claims

What is claimed is:

1. A laundry cart comprising:

a conical shaped laundry basket having attached swivel wheels at the bottom thereof and an incorporated hanging rod extending upwardly above the laundry basket and supported by two vertical
5 support bars;

the laundry basket having the smaller end facing upward toward the hanging rod to minimize contact between the laundry cart and the surrounding laundry equipment such as washing machines and
dryers;

10 the laundry basket having a padded bumper on the bottom sides thereof and a locking mechanism for the swivel wheels.
